Postmaster Frenchy Faucher who has just completed an instructor's course in the "Youth Gun Safety Program" advises all fathers with boys under the age of 16 who plan to get a hunting license for their offspring this year, to enroll their boys in a course of instruction. Place of enrollment is San Diego High School. Place of instruction and further details may be obtained there.

This is a state law and applies to all juveniles who never before have had a hunting license.

States which have had this law in effect have reduced hunting accidents tremendously, says Frenchy, who deserves a nod for spending hours of his time learning the course of instruction in order to teach our boys the art of handling a gun safely and sanely.

Ever notice how one's spouse never fails to give you all the news, local, national and foreign at the same time your favorite newscaster comes on?

Happy to relate the election of Emmet Marshall, the town's newest floor-ist, as the new general chairman of the Swimming Pool Committee. Lots of enthusiasm (?) on that committee. By-laws and incorporation of the committee will soon be presented through the excellent services of Vroman Dorman, local attorney.

Bob Sutton, principal of San Miguel Elementary School, is not only one of our finest young educators, he is also one of the busiest. We've never known a more willing or energetic civic worker.

That new "butch" look of the Dr. Thayer Crows' lawn didn't just happen. Doc bought a new power mower, forgot how to turn the dang thing off and had to follow it around 'til it ran out of gas.

Just don't ask us for a blood donation, Doc!

Now that man's confidence in man is completely destroyed as a result of that Telethon in Washington and when the investigative eye of TV finally engulfs us all—we wonder who's gonna investigate the cameraman?

S. V. MAN GETS STIFF PENALTY IN MORALS CASE

A Spring Valley man was sentenced to ninety days in county jail and was given a $200.00 fine for accosting a Spring Valley 15 year old girl. The sentence was meted out in Lemon Grove Justice Court last week.

Because of no previous county record, the jail sentence and $175 of the fine was suspended. The man, married and the father of a teen-age child, was placed on two year's probation.

Over My Shoulder

By A. F. "TONY" SONKA

Not many people know that the lemon, which is located in the Plaza at Golden Avenue, is one of the more photographed objects in the county area.

It justly has a claim to fame because it, better than anything else, gave picturization to our early community. The entire area was made up of beautiful five and ten acre lemon groves. Not many people know how the lemon happened to be built and placed where it is.

When the San Diego County Agricultural Fair was held in the late '30's in Balboa Park, a street parade was held to open the event. Many neighboring communities participated and some of them entered floats. The then Lemon Grove Chamber of Commerce had a float constructed in which a huge lemon was the centerpiece. This float was designed by an early Lemon Grove resident, now passed on, Mr. A. Treganza, an architect whose wife, Trixie, was active civicly and socially.

The float was then built by the Lemon Grove Lumber Company and others, and went on to corner first honors in its class.

After the parade considerable discussion was held by the Chamber Board of Directors as to what should be done with the lemon and eventually they decided to have it placed where it now stands. Also a lengthy discussion was carried on as to what inscription should be placed on the lemon that would best designate what Lemon Grove stood for.

Oldtimers recall that visitors from practically every section of the world who had come here said the same thing about Lemon Grove's climate. They simply

Assessments for Water Rise Again, Up 50% Over Last Year

July 6 may become an important date for the pocketbook of Lemon Grove taxpayers. That is the date the La Mesa-Lemon Grove and Spring Valley Irrigation District Board of Equalization meets.

The meeting is expected to be a rambunctious one because a higher schedule of assessed valuation for Lemon Grove has just been released by the water district's assessor.

Lemon Grove's assessed valuation has been increased 50%. Last year Lemon Grove's assessed valuation was increased 100%. In 1950-53 values were set at $1,752,968. In 1953-54 it was $2,967,287 and in 1954-55 it will be $4,300,828.

This compares unfavorably with the entire district's increase of 35%. In 1953-54 the district's value was $13,096,704. In 1954-55 it is $18,851,344.

In Spring Valley assessed valuations were up about $400,000 this year. The current valuation is $2,744,750, up from $2,344,320 last year. In El Cajon the value has been set at $4,021,920, up from $2,633,265.

Jim Squire, water district assessor, said that valuations are based on San Diego County land value assessments.

Margaret Penry, board secretary, said that the variance is probably due to the fact that districts are unequal in population, size, or wealth. She said that a re-division of districts is scheduled for this summer.

Board members pointed out that all complaints would be heard at the Board of Equalization and that justifiable complaints would be corrected.

AL DeMARS WINS SHOOTING AWARD

WASHINGTON, D. C.,—The Expert Rifleman Medal, second highest award in American Junior shooting has been won by Albert Leon DeMars, 18, 2525 Washington st., Lemon Grove, the National Rifle Association announced here today.

Shooting several hundred targets in the last few months the new expert marksman fired his way through 13 lower NRA qualifications to achieve his new high rating. With one more set of targets to fire the new expert will up his rating to Distinguished Rifleman, the select top rating for the junior shooters of the nation.

The new junior expert attends Helix High School and is a member of the Valley Junior Rifle Club.

Mortuary to Come to Grove

Lemon Grove's first mortuary will open some time in September, according to Kenneth J. Conrad who recently purchased the property at 7387 Broadway at West Street.

The property, formerly operated as the Lemon Grove Supply by Henry Etensohn, will undergo a $35,000 improvement beginning the middle of this month. Conrad said the exterior would be completely remodeled and enlarged and an apartment would be added to house his family consisting of his wife, Marian, and his 16 year old son, Gary. The mortuary will have a family room, a slumber room, offices, show room and embalming room. Conrad said he was licensed to embalm and that his organization would be able to take care of all denominations and would handle veterans.

An open house will be held some time in September.

FREE SHOW FOR SMALL FRY

A three-hour free show for San Diego area children will be offered by XETV (Channel 6) Saturday morning.

The occasion is introduction of a new TV personality—"Ranger Hal," who now presides over 5-6:30 p.m. viewing on Channel 6, just before the Johnny Jet Show.

In addition to doings on the Fox stage, children will see five cartoon shorts and a feature "Lassie" film.

Doors open at 9 a.m., with the show getting underway at 9:30. Parents wishing to accompany their children will be welcome.

Julian M. Kaufman, XETV's general manager, describes Ranger Hal (Staff Announcer John Halvorsen) as a "new departure" in television cowboys.

"He's a little smoother than most of them, and he doesn't 'talk down' to young listeners," Kaufman explained. "We look for Hal to build a huge audience around the station's daily western movie and our current revival of original Our Gang Comedies."

Emmett Marshall Heads Swimming Pool Permanent Committee

The Permanent Lemon Grove Swimming Pool Committee last week named Emmett Marshall, Lions Club representative as chairman. Jack Durham, Kiwanis Club representative, recording secretary and V. J. Dorman, also of the Lions Club was named to head the committee on organization and by-laws.

Worth $25,000.00 in the bank the Committee will draw up by-laws and offer it to representatives at the next meeting to be held at 7:00 p.m. Wednesday June 30, 1954.

All meetings are open and all organizations are urged to send representatives.

PARENTS BEING CHARGED WITH CURFEW BREAKING

Parents with children who break the curfew law may be seeing more of the interior of a court room if last week's court activities are any criterion.

Operating under a seldom used section of an established law which permits the arresting officer to charge adult delinquency to the parents of the children, a couple was brought to court last week and fined $25 for permitting their children on the streets at 2:00 a.m.

The youngsters, in a group ranging from 14 to 19 years of age were charged by Deputy Sheriff Willard A. Rigley of violating the curfew law.

The fine was suspended upon promise by the parents that the youngsters would be kept home after 10:00 p.m.

The Dimmer VIEW

by Max Goodwin

I have been chided from time to time for the seeming ostentation of titling myself "publisher" as well as editor. Some think the nomenclature is superfluous due to the fact that I carry it on the masthead of this newspaper which is sufficient to designate the name of the person who publishes the paper.

I actually carry the title "publisher" wherever I have the opportunity as a crown of thorns, and to prove my point let me paraphrase an editorial written by a colleague, Joe Parham, who is the editor of the Macon Georgia News. Joe said in an open letter to a woman who asked him "What is the job of a publisher of a newspaper?" He said: "I can only give you the view of a publisher's job as seen through the editor's eyes. Quite possibly this is entirely different from the view of a publisher's job thru the eyes of a reporter, a typesetter, a janitor, or even a publisher himself.

"Publishers are usually whole or part owners of the newspapers they publish. . . . On the weeklies the fellow going around after the working day is over and turning off the lights to save on electricity is in all probability the publisher. . . .

"The publisher is usually the fellow who is called in the wee small hours at home when the man who is trying to get something into (or out of) the paper should have called the office; or when the advertiser trying to get in a late advertisement should have called the advertising man or when the angry lady who didn't get her paper should have called the girls in the circulation department . . .

"On his shoulders rests the responsibility for seeing that there is enough money in the bank

New Look for Review Backshop

If your favorite newspaper, the Lemon Grove Review, looks prettier to you these days, it's partially because of a new piece of equipment installed last week.

The equipment, pictured above, is an Intertype linecasting machine. The machine carries three main magazines and an auxiliary. Two additional auxiliary magazines are carried for a total of six. The top magazine is split and any number of additions may be carried. The new equipment will give the newspaper a wider range of type faces, some of which will begin to make their appearance in the paper this week.

The Intertype is not a factory new machine. Brand new ones complete with magazines cost in the neighborhood of $17,000.00. After the fashion of the used car dealer, the former owner of this machine assured the Review that it had been used carefully by an elderly printer in Pasadena who used it only for setting anniversary announcements.

Actually the machine was once part of the equipment of the Arts and Crafts Co., one of the major printing firms in Southern California. The operator at the machine is Glenn Semple, Review machine-operator.

Grove Day At Fair Is July 2

Lemon Grove, as well as other San Diego County communities and their neighbors will be honored during special days at the Southern California Exposition and San Diego County Fair at Del Mar, June 25 through July 5.

Many communities are planning exhibits, entertainment and displays on their day at the exposition, Paul T. Mannen, secretary-manager, said. The schedule includes:

Lemon Grove Day will be Friday, July 2, 1954. That day will also be shared by Spring Valley, Rolando, Campo and La Mesa.

The exposition has been expanded and will feature the "Dancing Waters" ballet, an atomic energy museum, horse show, flower show, hobby show, preview of progress, livestock display, armed forces exhibits, top orchestras such as Les Brown, Lawrence Welk, Spade Cooley and Sauter-Finegan and special events ranging from a diaper derby to a mutt show.

St. John Rodeo to Feature Grove's Own Tumbleweeds

Gail Wales, who will represent Spring Valley at the San Diego County Fair is shown astride one of the horses which will take part in the Lemon Grove Rodeo June 19 and 20.

The two day event attracts visitors from all over the state. Proceeds go into the Church building fund, reports Fr. John McDonagh, under whose guidance the rodeo is shown.

YIPEE, it's Saint John of the Cross Lemon Grove Rodeo time again. To the western strains of "I'm An Old Cowhand" and "Tumbling Weeds," a gay exciting two-day rodeo-fiesta gets underway at 2:00 p.m. on Saturday, June 19, for a two-day run.

Leading off the colorful progalore will be Lemon Grove-Spring Valley and La Mesa's native daughters, the "Tumbleweeds, a precision drill formation of 18 attractive girls. Other acts, breath-taking and exciting, will be "Pat and Bug Torrence," two beautiful cowgirls from Pueblo, Colorado, who are making their California debut; Vern Goodrich, all-time Western motion picture cowboy star; and San Diego's favorite television singing cowboy, Roy Hogsed.

With over a dozen hair-raising acts and events, including saddle-bronc riding, Brahma bull wrestling, calf-roping, bareback riding and many others, the three-hour show has every indication of being the finest yet seen in Lemon Grove.

Following the rodeo will be hours of gay entertainment where the participant may enjoy his choice of concession booths, games of sport, or partake of deliciously-cooked pit-barbecue foods and customary drinks.

Dancing to Bill Sallee and his Ranch Hands will begin at 7:00 p.m. on both nights, Saturday and Sunday.

Ample parking at a reasonable fee will be available on the school grounds. General admission will be $1.50 for adults, and 50 cents for children under 12.

Come early and stay late is the invitation extended by the Lemon Grove Rodeo committees in order to insure oneself a grand exciting weekend of fun.

More Details On 'Big Ace' Deal Given By Banister

KNOXVILLE, TENN — Jim Banister, president of Big Ace Market, told the Review earlier this week that he had sold his interest to the Mayfair Market Company, the effective date of the sale to be July 1, 1954.

He said that no change in the management, policy or operations is expected.

Banister said that he consumated the sale in order to give himself more time to develop properties he owns in Chula Vista and El Cajon. A plan for developing huge shopping centers is under way, he said. In these shopping centers, Mayfair will lease the market operation, he disclosed. Banister said that he will be closely associated with the Mayfair Board of Directors in the deal in which the entire Big Ace operations went to Mayfair.

Banister also disclosed that he had turned down an offer prior to the opening of the Lemon Grove market which would have taken the physical property, paid him a substantial lease and given him a percentage of the gross sales. He said that he had passed this up for the more attractive offer made later by Mayfair. He did not disclose from whom the original offer came.

There have been no changes in personnel nor operation of the market.

Final Three Man School Board Meeting Monday

Approval of the preliminary budget for the Lemon Grove School District will head the agenda when the members of the local Board of Trustees meet for their regular June meeting next Monday evening, June 14, at 7:30. When the members gather at the district school offices on Acacia Street that night, it will be the last regular meeting of the three man board. On July 1 the three members, plus two new ones, will meet for an organization meeting of the five man board and elect officers for the coming school year.

At the June meeting a report will be given on the status of each of the building projects in the district, on the summer maintenance and operation program, and on the graduation program scheduled for later that week.

Orchids and Balloons To Be Given By Lindley's

Lindley's Owl Rexall Pharmacy, will mark its 8th anniversary this year and will give the event an early push by giving orchids and balloons this week to the store's visitors.

The aniversary is actually in September but the owners plan a summer long celebration.

This paper's editor could have spawned this but he did not. Elegy written in a rural newspaper office.

Getting out this paper is no picnic. If we print jokes people say we are silly. If we don't, they say we are too serious. If we stick close to the office all day, we ought to be around hustling material. If we go out and try to hustle we ought to be on the job in the office. If we don't print contributions we don't appreciate genius. And if we do print them the paper is filled with junk. If we edit the other fellow's write-up we are too critical. If we don't we are asleep. If we clip things from other papers we are too lazy to write them ourselves. If we don't, we are stuck on our own stuff.

Now, as some inquisitive reader will say—we swiped this from a magazine. We did and they did, but we wish we could give the

Review Dollar Has Important Story for Local Business

There's a dollar bill circulating through the business district of Lemon Grove and there's an unusual story connected with it.

The dollar bill was pasted to a petition-like folder and was spent by the REVIEW. The instructions on the folder ask that each business firm spend the dollar immediately, after first listing his name. The final sheet instructs the receiver of the dollar to return it to this newspaper, after which a story of its trip will be published.

The idea is to show how many times a dollar can be turned over in the local business district in a given period of time. Projected to cover the entire population and the median income, an idea of how important it is to shop at home can be proven.

Shopping at home has been a theme of the REVIEW for many months. Not many weeks ago the REVIEW conducted a survey on food market prices. Result of the experiment was that prices are just as low in Lemon Grove as anywhere. Variety is no longer a problem in that choice of shops and choice of purchase is no longer restricted.

Business firms are reporting more and more shoppers exclaiming "I didn't know I could get it in Lemon Grove." These are the shoppers who have not been patronizing home firms, one merchant pointed out.

Shoppers who drive through heavy traffic to town and then spend time and additional money to find a parking place and eventually end up in a parking lot, also came under the eye of some of the local business firms.

"We have everything in Lemon Grove they have downtown. The so-called specials may save a few pennies on certain items but usually specials of some sort or another are available right here and it all evens out if you do your shopping at home," they pointed out.

In any event, a comprehensive picture of the importance of the Lemon Grove dollar will be shown in the near future. Meanwhile, business firms are urged to move the test dollar along. If there is any question about it, call the REVIEW.

S. D. Requested to Make Annexation Survey of L. G.

A request has been filed with the city of San Diego by the Lemon Grove Men's Club to survey the Lemon Grove area to determine what would be required and what the cost would be to bring the area up to the city's standards should Lemon Grove ask to be annexed.

George Casteel, chairman of the club said that a study had been made some months ago concerning incorporation and this study should give a good comparison of facts.

Objection to annexing was voiced by Dr. Frank Gigliotti who said that annexation would not solve Lemon Grove's problems.

PLANE GUESSING CONTEST ON AT RELLA SHOE STORE

A jet plane guessing contest will end Friday June 18 at 8:00 p.m. when winners will be picked for five prizes at Rellas Shoe Store, 7860 Broadway.

Trick is to guess the number of planes in the window and there are plenty. First prize will be a gas model plane, the second will be a base-ball mitt, and a third will be a baseball and bat. Fourth and fifth prizes are Keds.

In addition, a hand book of sports produced by U. S. Keds will be given to all who request it and a small model plane will be given with every purchase this week.

NEW MANAGER FOR McMAHAN'S

George O'Leary, a well-known retail furniture personality, was named last week as manager of McMahan's Lemon Grove store by Jack McMahan, operator of the furniture chain.

"We will continue to meet homeowners' needs for furniture at down payments and prices they can afford," said the new manager.

O'Leary, his wife, Alice, and two youngsters, Bob and Jim reside at 6131 Kerch in the College area.

GROVE MAN SAVES LIFE IN GERMANY

SPANGDAHLEM AIR BASE, Germany—The quick thinking of a Spangdahlem airman has resulted in saving the life of at least one man and extensive property damage.

Air police here credited A/1C Don K. Grove (Hq. 10th Air Base Group), from Lemon Grove, with risking personal injury to rescue three airmen from a burning jeep after it had crashed into a barn.

According to an air police report, Grove dragged an unconscious man lying beside the vehicle away from danger, led a second, in dazed condition, away from the jeep, and then entered the burning vehicle to carry another airman in semi-conscious condition to safety.

The three men, all in the same jeep, had attempted to pass Grove's car when they lost control of their vehicle and crashed into the side of a barn near the base.

According to a witness, flames appeared immediately and threatened both the jeep and the straw-filled barn. After getting the three to safety, Grove then managed to extinguish the flames with dirt, and later with water brought by the villagers.

Don is the son of Leonard and Cleo M. Grove, 7138 Mt. Vernon St. He attended the seventh and eighth grades in the Lemon Grove Elementary District and graduated from Grossmont High School. He has been overseas three years and is due to return to this country in January. His brother Charles was discharged from the Army last year.

Area Churchgoers Attend Jehovah's Witnesses Assembly

The most outstanding feature of the Circuit Assembly of Jehovah's Witnesses held recently at Costa Mesa, according to E. Flinn, head of the returning delegation, was the public address on Sunday delivered by L. E. Reusch, district minister. Reusch, who spoke on the subject "Is Civilization's End Near?" discussed the modern crisis in the light of Bible prophecy. Attendance at the talk was announced as over 2,000, about 100 representing Lemon Grove and La Mesa.

Several statements, supported by Bible evidence, brought audience applause. Particularly noteworthy was the examination of corrupt conditions now upon the earth, culminating with this explanation: "Civilization's end does not mean the end of the earth. There have been changing scenes upon the earth, nations rising and falling; but the earth was established to last forever. God's war of Armageddon therefor will leave the globe intact, but destroy the world of wickedness and its human and demon rulers, to the lasting benefit of those who love righteousness in every nation and tongue."

Other interesting features included the Saturday night motion picture depicting Jehovah's Witnesses' activities earth-wide, numerous stage presentations showing proper methods of teaching and introducing the Bible and Bible aids to the householder, delicious meals by volunteer staffs, lawn strolls and reunions with friends. All members returned refreshed.

TALENT TRYOUTS PLANNED FOR FAIR COMPETITION

Lemon Grove amateur entertainers are among San Diego County's younger citizens invited to compete for trophies and other prizes in the "Showtime for Talent" contest at the Southern California Exposition and San Diego County Fair at Del Mar, June 25 to July 5.

Eliminations will be conducted daily in two classes—junior, ages 3 to 12, and teenage, ages 13 to 19.

Finalists will compete July 5. All contests will be held on the stage of the Expositions' Community Stage.

Entries must be received at the exposition grounds by June 19, Barney Newlee, special events director, said. Singers and musicians should indicate if they desire accompaniment, he said.

fro.

Perfume of blossoms fills the air
While I and my memories
linger there
And thru the green and lacy trees
Birds trill their love songs to a
scented breeze.

A glimmer of ocean I see down
the way,
I sense the glow of shimmering
spray
Whose rise and fall by restless
tide
Fling arms of foam, far and
wide.

All this and more I saw today
From a vantage point on a
misty hill
Where the roses bloom and the
birds do trill
From a hill in Lemon Grove.

Civil Defense Notes

Charles Gurley HO 6-3745

The June meeting of the Lemon Grove Civil Defense group was held last Tuesday evening at the Youth Center, Dr. Frank B. Gigliotti presiding. It was quite an informal meeting with no imported speaker scheduled but "Skip" Heidick took over with a reading of a recent Kiplinger letter on the timely subject of the prevailing conditions in Indo China and our chances of becoming involved. "Skip" also added comments of his own.

Dr. Gigliotti appointed a special committee composed of Mrs. G. R. Roberts, Mrs. Rewicz, Mrs. R. B. Hayhurst, Mrs. Edna Snyder and "Skip" Heidick to arrange with the Chamber of Commerce for a special "Civil Defense Day" for Lemon Grove.

The following were present: Mrs. M. J. Rewicz, Mrs. C. W. Brown, Mrs. G. R. Roberts, Mrs. R. B. Hayhurst, Mrs. Edna Snyder, A. T. Watson, "Skip" Heidick, "Bob" Bloom, Dr. T. A. Crow, Dr. Gigliotti and Charles Gurley.

Dr. Gigliotti announced that the theme for the July 6th meeting will be "The Quick and The Dead" which may be more appropriate than usual since our meeting follows July 4th by only two days.

$25 THOUSAND RACE EYED BY 87 TWO-YEAR OLDS

DEL MAR, Calif—An imposing total of 87 swift 2-year-olds have been kept eligible for the seventh running of the $25,000 added Del Mar Futurity, highlight of the summer meeting "where the turf meets the surf," it was announced today by General Manager Clive H. Becker. Del Mar's season begins July 27.

The Futurity, famed as one of the nation's outstanding classics for juveniles, will be presented on Del Mar's closing day, Sept. 11, and is expected to have a gross value close to $50,000.

The 87 youngsters on the eligible list remain from the original 211 nominated when the stake closed Aug. 29, 1953. It cost $25 for the first nomination and $100 to keep eligible last May 15. At this time, the value of the six furlong Futurity is $38,975, a figure to be swelled with entry and starting fees at race time.

Won in past years by such top-flight juveniles as Mrs. John D. Hertz's Double Speed, Archie Sneed's Hour Regards, Mr. and Mrs. Harry James's Big Noise, J. Tommy Taylor's Patch, William Goetz's Your Host and White Star Stable's Star Fiddle, the Del Mar Futurity ranks as the 2-year-old championship affair of Far Western racing.

W. A. SCHARFFENBERG, American Temperance Society official, in California—"I think prohibition is just as good a thing as it ever was, but the people aren't ready for it."

Thank You
Mr. & Mrs. Lemon Grove

This week I sold to Mr. and Mrs. Tom Papagni the goodwill and inventory of the Western Auto Store at 7820 Broadway.

I have operated the store for the past four years and have made many friendships of which I am justly proud.

I have enjoyed serving you and want to take this opportunity to thank those of you who made the operation of the store so pleasant.

Mr. and Mrs. Papagni bring a wealth of merchandising experience to Lemon Grove and those who enjoyed shopping at Western Auto Store in the past will find it equally pleasant and profitable under the new management.

RECORD TURNOUT FOR GRADUATION LIMITS BIDS

Over one thousand parents, relatives and friends will attend the eighth grade graduation exercises on Thursday evening, June 17, when one hundred and ninety-nine students will receive diplomas from members of the local board of trustees. The program begins at 6:00 p.m., and it will be held in the outside area immediately behind the new cafeteria on School Lane. Because of the large class being graduated, it would be impossible to utilize facilities inside the new building without limiting the number of guests. At present, each graduate will receive four passes for his parents, relatives, or friends.

Speakers from the class of '54 include Vernon Mayes, "Common Sense;" Jo Anne Zider, "Our Heritage of Greatness;" Carolyn Randall, "American Heritage;" and Mari Lehtonen, "Public Schools and the American Heritage." Mari Lehtonen will also be the announcer for the program.

Awards will be given for the outstanding scholar of the graduating class and the best citizens. The winners of these awards will not be announced until the awards are given that evening.

Music for the program is under the direction of Paul Cheatham with the school band. Vocal numbers will be given by the girls' double trio and the boys' double quartet, all members of the eighth grade. Flowers, decorations, stage plans, and the graduation party are all being handled by mothers of the graduates and the Lemon Grove School P-TA. Imperial Valley Lettuce Eyed in SatEvePost Article

Winter lettuce growers, engaged in the most unpredictable, the fastest-moving, the most up-and-down business known to man, are satisfied to take their risks without looking to Uncle Sam for help, Neil M. Clark reports in the last issue of The Saturday Evening Post.

His article, "They Bet Their Shirts on the Desert," tells that these growers, centered around the Imperial Valley and the Salt River Valley in Arizona, can clear $20,000—or lose their shirts—in an afternoon.

It is reported that many of the technical and marketing problems of the industry have been tackled and more or less solved, but nobody has discovered a way of keeping demand for winter lettuce so closely balanced that everybody has enough, nobody has too much, the price to growers stays steady and profits loom.

The reasons for this are said to be inherent in the product because it is extremely perishable. Many things, for instance can upset the neatest timetables, such as an untimely hot spell, or frost at night, or unwanted rain. Adjoining fields planted one day apart may mature two weeks apart.

The situation is complicated by the fact that when desert lettuce matures, it has to be harvested and shipped within hours. It can't be frozen, canned or dried. And it has to be eaten fresh and comparatively soon after leaving the field. Nine to ten days from grower to grocer, under ice, is about the limit—much longer, and it is good only for garbage. Virtually every important grower of desert lettuce started with nothing and has seen the best and worst it can do for them, according to the magazine.

They violently do not want any bureaucratic interference. If anything like that happened, they say, maybe pretty soon housewives in the East would find themselves paying seventy-five cents for a head of winter lettuce instead of twenty-five cents.

"Maybe they're just a very peculiar bunch of people for having such thoughts," Clark comments. "But that's how they feel. And they don't mind advising other farmers to do a little thinking along the same lines."

MARTIN BECK IN TRAINING NEAR YAKIMA

FORT LEWIS, WASH.—PFC Martin E. Beck, 21, son of Mr. and Mrs. Richard D. Hopping, 3736 Citrus st., is participating in Exercise Hill Top, large-scale training maneuver now underway near Yakima, Washington.

Battle testing the 44th Infantry Division and special support units, the exercise stresses tank-infantry coordination in simulated combat operations including gas attacks and mock atomic explosions.

Beck, a clerk-typist in the division's 123rd Regiment, entered the Army in April 1953.

VIRGIL HOWSE IS DTA SPEAKER

Virgil Howse of the County Schools Office spoke to the teachers on child study groups when he was a guest of the Lemon Grove District Teachers Association last Thursday evening. At the same time, Mrs. Emma Tait, leader of a study group in this area and curriculum planning committee member from Lemon Grove, reported on CPC activities and emphasized workshops being offered at State College this summer for teachers.

Louis Poluzzi, association president, announced committee appointments for next year and called for elections to fill vacancies on standing committees. Harry Butler was elected for a three year term to the professional relations group as a junior high representative. Virginia White was elected to the office of corresponding secretary.

Delegates' reports were given by Peg Darroch and Rick Stammerjohn who attended the CTA meetings in Los Angeles. The club, for the eighth straight year, voted a policy of unified dues for next year. This includes membership to all educational organizations.

A highlight of the evening was Arthur Thomas' historian's report of achievement made during the past year by both members and the club itself. Done in a humorous vein, the report covered every activity of the association.

During final committee reports, John Strawn, chairman of the salary and evaluation committee, expressed thanks to personnel in the district office, the board of trustees, and members of his committee for working so successfully to advance the professional status of teachers here.

TRUST IN GOD MAN'S PROTECTION AND PRESERVATION

"The eternal God is thy refuge, and underneath are the everlasting arms." These words from Deuteronomy (33:27) will be the Golden Text in the Sunday Lesson-Sermon in all Churches of Christ, Scientist.

"God the Preserver of Man" is the subject of the Lesson-Sermon which points out that spiritual understanding, enabling man to differentiate between the true and the false, is God-bestowed.

LETTERS TO THE EDITOR

Dear Sir:

I know that you must believe that the bill the 5 Ds Roofing Co., owes you is lost, I am writing you this letter to let you know that this bill will be paid.

I wish I had the money to send you or some money to send you on account at this time. I believe that I owe you around $104.00. I am willing to send you payments on this each week as soon as I am released from the County Jail here in Los Angeles, if this is all right with you, as you know I owe quite a few bills, but I am willing to sign a contract to make payments of $10.00 a month to you until this bill is paid. I think I am trying to be fair, as most people in my place would go into bankruptcy, but that is something I do not want to do. So if this is all right with you draw up a contract and I'll sign it to start upon my release from here. I am sorry that things had to end up like this, as I liked you.

Yours very truly
Harold F. Clark
Los Angeles County Jail

Local business firms holding Mr. Clark's checks who wish to communicate with him may do so at the above address. Among the fan mail already forwarded to Mr. Clark are several warrants issued via Sheriff Sergeant Willard A. Rigley.

Editor

Dear Sir:

The sixth grade class in the Lemon Grove Jr. Hi. wishes to thank you for the cooperation that you offered us when we visited your building in which our own paper the Lemon Grove Review is published. We all give you are extreme appreciation toward the wonderful success you have made in bringing us a paper about our town (which someday will be a city) and its people. We all hope that some day your paper will be important not only to the people of Lemon Grove as it is now, but to the people all over San Diego just as the Evening Tribune or any other paper in that range is today. We truly hope that you think this letter is the way a sixth grader should express his or her appreciation for some thing.

Sincerely Yours

Dining Out

With ROBERT TURNBULL

George Solimine, operator of Solimine's Cafe at 48th and El-Cajon Blvd. this month was given a special commendation by the Society of Gentlemen Chefs.

The commendation stemmed from the time a few months ago when Solimine's restaurant and cocktail lounge was host to the Society. He served a nine course luncheon which included a secret salad. The menu for the luncheon, one which the Society said "will never be forgotten" included the following: Varied Italian Antipastos, Provolone - Provolutto - Pepperoni, Minestroni Milanesi, Ensalata Mista, Veal Scaloppine al Marsala, Ragattoni, Baby peas Francia, Zucchini, Spumoni-Lady Fingers, Cafe Italiano, National Premium Beer, Louis Martini Wines.

There's no question about Solimine being a born host as well as a chef. He handles both of these departments with a grand and elegant flourish. Steaks, the house's specialty, gives him a chance to tell of his magic. "I select the steaks personally. They have to be marbled just enough to insure flavor and tenderness," he said. "I insist that they be cooked exactly to the personal order and just at the crucial moment that they are ready for it the coals are dusted with hickory. Good steak, properly prepared, is a culinary treat that will be remembered for many days," he concluded.

The restaurant was recently named "Restaurant of the Month" in the San Diego Restaurant Magazine, a publication published for the restaurant trade.

This is a place for a special date and a special event.

CONGRESS ASKED FOR AID AGAINST MEXICAN FRUIT FLY

Directors of the California Farm Bureau Federation in session at Berkely recently appealed to Congress for an additional appropriation of $250,000 to combat the Mexican fruit fly, discovered only recently at Tijuana, Mexico.

The Mexican fruit fly has a flight range of from 100 to 150 miles and is a threat to every soft fruit and vegetable grown in California, according to Roy R. McLain, Farm Bureau's second vice-president. The female fruit fly lays up to 400 eggs, and favors green walnuts as a nesting place.

GRADUATING CLASS SPENDS DAY AT THE BEACH

La Jolla Shores was the scene of the annual outing for the eighth grade graduating class of the Lemon Grove Junior High last Friday, when approximately 200 students enjoyed a full day at the beach. Journeying to the ocean spot by school bus and private cars, the group swam, sunbathed, and picnicked there as have many other graduating classes from the school. Many hiked up the beach to enjoy trips through the famous aquarium at Scripps Institute.

Many parents made the trip with the children along with the following personnel from the school: Principal Ben I. Schei, Harry Butler, Evelyn Whalen, Peg Darroch, Laura Becker, Genevieve Oliphant, Tom Brogan, Clarine McDermott, Ben Seiler, and Harold Brogan.

Mrs. Johnston Gets Girl Scout Award

LENOX FOTO for the REVIEW

Shannon Dodson, daughter of Mrs. Mary Dodson, 7563 Central Ave., awards the "Thanks" award to Mrs. Irving Johnston, 8020 Imperial Ave., at a ceremony last week.

The Thanks badge is the highest honor bestowed on an adult by the Girl Scouts. Mrs. Johnston received the award from the Lemon Grove Neighborhood, at the Court of Awards held in the Jr. High School Cafetorium. Mrs. Johnston was chosen for the award because of outstanding scout work during the past past year.

The annual Court of Awards was held in the Lemon Grove Jr. High School Cafetorium by the Girl Scout Troops in this neighborhood last week.

Shannon Dodson, Mistress of Ceremonies, called the Color Guard to present the Colors. Troops 308, 309 and 896 presented the flags in an impressive manner followed by the pledge of allegiance and the singing of America the Beautiful.

The Invocation, by P. J. Kearney, assistant pastor of St. John of the Cross, was followed by the introduction of officers and guests.

The eleven fields in Scouting were presented briefly by Senior Scout Joan Manchester of Troop 198.

Badges earned by girls this year were awarded to them by their Leaders and Co-Leaders.

Fifth grade troops receiving badges were 308, 575 and 896. Sixth grade troops were 280 and 309. Seventh and eighth grade troops were 96, 309, and 412.

Girls from each of these troops received their first class badges for fulfilling additional requirements. These were presented by Mrs. F. Johansen, Neighborhood Chairman.

The Curved Bar Award was presented by Mrs. R. Davy to eight outstanding girls. They were Sandra Mayo, Marilyn Decher, Judy Dyer, Patricia Werdell, Dianna Smith, Jerilee Lindley, Barbara Holsclau and Pat Frotes.

Miss Ruth Kruger, Field Director, presented the five year pins to 30 girls and to adult scouts, Mrs. Gerry Taylor, Mrs. Jane Bray and Mrs. Maxine Dyar.

Mrs. J. Kish, Trainer, pinned a 10 year pin on Mrs. Holsclau.

The benediction was given by Rev. J. M. Mulkey, of the First Baptist Church of Lemon Grove, followed by the girls singing a favorite song, "Girl Scouts Together." The Color Guard retired the Colors closing the ceremonies.

Mrs. Ruth Johnston, 8020 Imperial ave. received the coveted Thanks Badge during the annual Girl Scout Court of Awards held at Junior High School Cafetorium last week.

The letter to the Girl Scout Council of San Diego requesting permission for the troop to bestow the signal honor cited the more than 13 years of continuous scouting Mrs. Johnston had to her credit. She has been active in the Day Camp activities and a scout leader in the Grove area since 1949.

She is also a member of the Junior High School Planning Board and Junior High Encampment and is presently chairman of the District 10 Nominating Committee. In 1950 she was Intermediate Day Camp Director.

The Thanks Badge is a 10k gold pin.

P-TA Info. Courses Sponsored By Ann Espe

One of the three P-TA information courses being offered by Mt. Helix Council will be held on Tuesday, June 15, at the Lemon Grove Congregational Church. Beginning at 9:00 a.m. under the sponsorship of Mrs. Ann Espe, past president of San Miguel P-TA, the class is open to all in the Lemon Grove or La Mesa Spring Valley districts who are interested in studying P-TA history, procedure, leadership, and other related activities. Other classes of a similar nature have been completed in La Mesa.

State publicity books in Mt. Helix Council received favorable reviews at a recent evaluation given by Ninth District. All but one of the books submitted by the thirteen units making up the P-TA council in this district were awarded state certificates of commendation or honorable mentions. Mrs. S. K. Solleder, president beginning her second term as head of Mt. Helix Council, reports that an even greater effort will be made during the coming year to improve all phases of unit work and work has already begun in laying plans for fall P-TA activities.

Congratulations . . . to Marlene Marchese who recently became the bride of Frank LeRoy Phillips. Mrs. Marlene Phillips graduated from Helix High School.

—o—

Sports Round-Up . . . Although Helix and Grossmont are bitter (friendly) rivals and we are constantly trying to outdo each other, it's time to bury the hatchet (to coin an old phrase) and offer a small token of congratulations. I'd like to congratulate Grossmont's Dick Bronson for taking first place in the 36th annual CIF track and field championships, completed a couple weeks back. Dick was the only blue ribbon winner from San Diego County. Mr. Muscles heaved the "A" (12-pound) shot-put a good 59 feet 7½ inches to cop first. His closest opponent was Dan Everage (Los Angeles Jordan), and Dick beat him by a slim 1¾ inches. Good puttin' Dick and Helix wishes you well in your future track career. (Now the war is on again!)

—o—

Talent on Parade . . . This column this week seems to be chocked-full of congratulations and we have good reasons too. Another Helixer has made honors under the spotlights. Phyllis Gollehon, a junior, recently took a first place in her division in a talent show titled "San Diego County Search for Talent." She was sponsored by the Southeastern Exchange Club and she took honors with her soft vocal chords. Phyllis is in the state finals to be held June 24.

—o—

Student Given Scholarship . . . For the second year in succession Myrna Haupt has been awarded a $1275 scholarship to finance her studies at Palos Verdes College, Rolling Hills, California. Miss Haupt is the daughter of Mr. and Mrs. Myron Haupt, 3231 Kempf St., here in Lemon Grove. She is completing her freshman year after being graduated from Helix High. I'm especially proud of Myrna because she lives within 50 feet away from me.

—o—

Helix TV Stars . . . The Helix Highlander Choraliers were seen for 45 golden minutes on television last Saturday afternoon at 4 p.m. They sang on Channel 6 and from all appearances were nothing short of sensational. The program was preliminary to their tour of Mexico this summer.

—o—

Exhibit . . . Today and tomorrow are your last chances to see the photo students' final examination photographs in the school library.

Platter Parade . . . This week's top five popular records at Ratner Electric in downtown San Diego. "Sh-Boom" Cords; "I Get So Lonely," Four Knights; "Little Things Mean a Lot," Kitty Kallen; "Three Coins in a Fountain," Four Aces and "Hernando's Hideaway" by Archie Blyer. Top jazz is "Opus 202," Sunny Stitt. Leading classical is "Graduation Ball" by the New Symphony Orchestra.

—o—

Gag . . . Dr. H. E. Sorteberg, Spring Valley dentist is sitting on a rich-man's type of gag. He received a check for a small amount of money from a patient who owes a considerable bill. What's more, the check was made payable to a mercantile firm. Doc is holding the check, waiting for all and sundry to stew trying to figure out what's wrong.

This is how Ella Lamphear, popular clerk at Haizlip's will learn why her checks have not cleared.

each week to meet the payroll. . . . He is the one to whom every department in the newspaper brings their problems. He has thought a great deal about the operation of every department in the complicated business of getting out a newspaper. . . .

"He must be a leader, not a follower, in community life. He must represent every economic, social and political level of his town and yet he must be beholden to none. He must be on as friendly terms with the biggest advertiser as with the poorest subscriber, yet he must not allow either to sway him against his better judgment or to compromise the integrity of his newspaper. . . .

"He must choose his executives carefully and delegate authority and responsibility wisely. . . .

Finally, he must pay his employees well, not only to meet the demands in the competitive market for talent, but also because low pay and resulting economic troubles among employees will result in an inferior product and will eventually prove disastrous to the newspaper."

This is Joe Parham's idea of the job of a publisher. I wish to heaven I could measure up to it.

THIRD GRADERS GIVE CORN DANCE OF HOPI INDIANS

The green corn dance of the Hopi Indians was presented Thursday, June 10, at the Vista La Mesa School by the third grade classes of the school. Under the direction of Miss Leota Holcomb and Mrs. Laura McBroom, the twenty-eight pupils who staged the dance made all the masks used in the colorful Indian ceremony. An authentic reproduction of the dance of tribes throughout Arizona and New Mexico, the program showed the modern Indian, studied by the students, in a ceremonial dance of the harvest.

The entire school, along with parents and friends, viewed the hour long spectacle. Music was provided by records carrying the actual dance music used by the tribes and also by drums played by the pupils.

Prior to the program the students had visited the Museum of Man in Balboa Park where further material concerning the tribes and the dance was gathered.

Committee appointments by Mr. Williams are: Mmes. Peggy Owen, cards and birthdays; C. C. Updyke, hostess; J. W. Lowry, plants; P. P. Lee, nomenclature; C. E. Moore, publicity; and Pearl Camm, refreshments.

PICTURE SHOWN SCHOOL HONOR STUDENTS

One hundred and fifty students at the Lemon Grove Junior High were treated to an afternoon matinee last Thursday in the school auditorium when the student council sponsored a special show to honor the outstanding members of the school's citizenship clubs. The picture, "On Moonlight Bay," was shown from 1:00 to 3:00 p.m. while the rest of the school continued with regular classes.

Students eligible to attend the show were those who had attained membership in either the Green or Gold Club for three consecutive quarters during the term. In order to qualify they received excellent or satisfactory ratings in courtesy, responsibility, industry, and cooperation.

With all the foregoing "Ifs" you will pardon us for reverting to Rudyard Kipling.

"If you can talk with crowds and keep your virtue,
Or walk with Kings—nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And—which is more—you'll be a Man, my son!"

—DL—

A reader accused us of hating poetry—why, we know not. We envy those who can take words and weave them into an acceptable pattern, which is a fine art, and just to prove our point we append:

A Frenchman drinks his native wine,
A German drinks his beer;
An Englishman his 'alf and 'alf,
Because it brings good cheer.
The Scotchman drinks his whisky straight
Because it brings on dizziness;
An American has no choice at all
He drinks the whole damn business.

And while we are in the realm of poetry we quote in contrast a lyric by the late Ernest Dowson, best remembered for his

CYNARA

They are not long, the weeping and the laughter,
Love and desire and hate:
I think they have no portion in us after
We pass the gate.
They are not long, the days of wine and roses:
Out of a misty dream
Our path emerges for a while, then closes
Within a dream.

New Owners for Western Auto Store

LENOX FOTO for the REVIEW

The Western Auto Store has been sold this week and is being taken over by Valma and Tom Papagni. It is closed for inventory and will reopen on June 18. The couple purchased the store located at 7820 Broadway from Vernon and Pearl Gregory. The sum involved in the sale was not revealed.

The Papagni couple, who live at 3906 Iris Way in Rolando Park, has been associated in business many years in the San Diego area. Mrs. Papagni has been the manager of Fran's Ladies Wear Shop in La Mesa for the past four years, has lived in San Diego 29 years and Tom is the former manager of the appliance department at Dennstedt's and was also associated with Suttner's Appliances, and Harrington's. He has been in business here since his release from the Marine Corps where he was divisional Band Master.

The store, the couple said, was being completely remodeled and redecorated and several additional lines will be taken on. Some of the lines in addition to hardware and auto items already carried include a complete line of venetian blinds, complete paint department, a new patio department with a wide choice of out door furniture and tires and tubes, a department for home appliances will be installed in the near future the couple said.

Gregory said that he would take it easy for a while but that he would continue to make Lemon Grove his residential and business address.
